BOARD MEMORANDUM

DATE: June 5, 2014 **June 11, 2014 TO:** BOARD OF DIRECTORS **Board Meeting**

FROM: Michael Williams, Finance Manager/CFO **VIA:** Mr. Dennis LaMoreaux, General Manager

RE: AGENDA ITEM NO. 7.2 – STATUS REPORT ON FINANCIAL STATEMENTS,

REVENUE AND EXPENSE AND DEPARTMENTAL BUDGET REPORTS FOR

APRIL 30, 2014

Discussion:

Presented here are the Balance Sheet and Profit/Loss Statement for the period ending April 30, 2014. Also included are Year-To-Year Comparisons and Month-To-Month Comparisons for both revenue and expense. Finally, I have provided individual departmental budget reports for the month of April, 2014.

This is the fourth month of the District's Budget Year 2014. The target percentage is 33%. Revenues ideally are at or above, and expenditures ideally are below.

Balance Sheet:

- Page 1 is our balance sheet on April 30, 2014.
- The significant change is the increase in investments of \$1.9MM due to assessments received.

Profit/Loss Statement:

- Page 3 is our profit/loss statement on April 30, 2014.
- Operating revenue is at 27% of budget. The percentages are usually lower than target this time of year, but the gap should begin to close as we move into summer.
- Cash operating expense is at 29% of budget. This is below the target of 33%.
- There are a couple departments slightly over the target 33%; Directors are over due to Director's Pay, Administration remains higher due to the Wood settlement payment, and Finance is high due to repair of large meters and meter exchanges.
- Plant Expenditures had a large expenditure in April the annual payment on Storage Tank Recoating of \$319K.
- There was an accounting adjustment to GAC Expense where we moved an expense for the Dionex Lab Equipment into an asset account for depreciation.
- Service Costs Construction needs to be adjusted due to bond proceed related expense being posted to wrong GL account.
- Our assessments for debt service are exceeding our original expectations.

VIA: Mr. Dennis LaMoreaux, General Manager -2- June 5, 2014

Year-To-Year Comparison P&L:

- Page 7 is our comparison of April, 2013 to April, 2014.
- Total operating revenue is down \$138K, or 7.5%, due to lower water consumption.
- Operating expenditures are up by \$345K, or 23%.
- Page 8 is a graphic presentation of the water consumption comparison. Units billed in acre feet were down by 109, or 8%. Total revenue per unit sold is up \$0.02, or .6%, total revenue per connection is down \$3.77, or 6%, and units billed per connection is down 1.9, or 9%.

Revenue Analysis Year-To-Date:

- Page 9 is our comparison of revenue, year-to-date.
- Operating revenue through April, 2014 is down \$95K.
- Retail water sales are up by \$92K from last year. This is reflective of the rate adjustment that went into effect in March, despite lower consumption for April.
- Total revenue is up \$623K. This is due mostly to assessments received.
- Operating revenue through April, 2014 is at 27% of budget; last year we were at 29% of budget, but our revenue budget number is higher this year by \$1.3MM.

Expense Analysis Year-To-Date:

- Page 11 is our comparison of expense, year-to-date.
- Cash Operating Expenses through April, 2014 are up by \$1.6MM, or 23%, compared to 2013 due to early budget year departmental expenses and the Wood settlement payment.
- Total Expenses are up \$1.7MM, or 18%, for the same reasons; however, some accounting adjustments are forthcoming.

Departments:

- Pages 14 through 22 are detailed budgets of each department.
- Page 14 Directors Department is over target due primarily to Director's Pay at 43%.
- Page 19 Finance Department is over target due to repair and maintenance of large meters over budget and meter exchanges at 76% of budget.

Non-Cash Definitions:

Depreciation: This is the spreading of the total expense of a capital asset over the expected life of that asset.

OPEB Accrual Expense: Other Post Employment Benefits (OPEB) is the recognized annual required contribution to the benefit. The amount is actuarially determined in accordance with the parameters of GASB 45. The amount represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year.

Bad Debt: The uncollectible accounts receivable that has been written off.

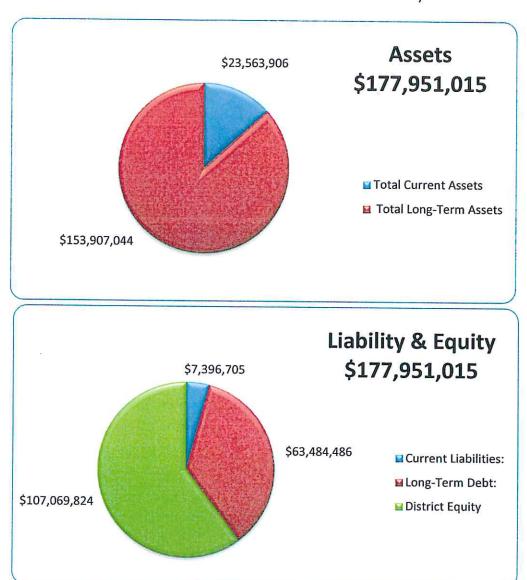

Service Cost Construction: The value of material, parts & supplies from inventory used to construct, repair and maintain our asset infrastructure.

Capitalized Construction: The value of our labor force used to construct our asset infrastructure.
